

LEVIGHETOR 600

LEVIGHETOR 600 è la levigatrice più famosa al mondo: venduta in oltre 60 nazioni! Con Levighetor 600 levigare e lucidare pavimenti è diventato più facile, più veloce e più economico di ogni altro sistema. Grazie alle ruote Sferiche Direzionali che ruotano a 360° (Brevetto Klindex) la macchina può dirigersi in ogni direzione (avanti, indietro, sinistra, destra, obliquo, etc.) permettendo di lavorare anche in spazi molto stretti come bagni, pianerottoli, cucine etc.

Levighetor 600 is a break-through machine that has changed the way marble, granite and any other natural stone floor is ground, honed and polished! Thanks to the klindex's patented 360° directional wheels that allow the machine to move in any direction, the levighetor 600 can work in both large and narrow areas. Thanks to its powerful 4hp motor, the levighetor 600 is the only mono-phase machine in the world that is able to work with additional weights for a total of up to 160kg (350lbs). The levighetor can fit various planetario systems. The planetario is geared, therefore it allows you to run the diamond discs at 200, 800, 1000, 1200 or 2000 rpm depending on your application. The productivity rate is dramatically increased and the result is a more uniform finish with any grit.

(Planetario optional)

Model	max Power	Volt	Planetario Tools Speed rpm	Grinding Disc Speed rpm	Working Width	Tools	Water Tank lt	Weight with Drive Holder	Weight with Planetario Head
Levighetor 600	4 Hp	1-phase	200	1000	--	--	18 lt	60 Kg	90 Kg
Levighetor 600 Variable Speed	4 Hp	1-phase	120 - 250	600-1300	--	--	18 lt	68 Kg	98 Kg
Levighetor 600 T7	7 Hp	3-phase	200	1000	--	--	18 lt	70 Kg	110 Kg
